ABOUT ME

I am a self-taught designer with a knack for creating empathetic, user-friendly and interactive application interfaces by co-operating with the team from the conception of the project to providing support after development.

WORK EXPERIENCE

Ui/Ux Designer
BeeOne UK
November, 2019 - Present

- Develop intuitive and engaging interactions, research, and track advancements in visual design for mobile applications and websites.
- Produce high-quality UX design solutions through wireframes, visual and graphic designs, flow diagrams, storyboards, site maps, and prototypes.
- Designing UI elements and tools such as navigation menus, search boxes, tabs, and widgets for digital assets.
- Participate in the development process from definition through design, build, test, release, and maintenance phases.
- Break design problems down into viable actionable chunks and solve them with clarity and precision.
- Conduct layout adjustments based on user feedback.

Business Analyst
WebCastle Media Pvt. Ltd.
2018 - 2019

- Create wireframes and document the workflow of the project.
- Work with the design team to ensure that client's needs are addressed in the design.
- Work closely with the customer during all phases of the project.
